Bluff View Bank

Focused On You

Dear Bluff View Bank customers,

There is nothing more important to Bluff View Bank than the well-being of you, our customer, and the well-being of our employees. In light of the continued spread of coronavirus (COVID-19), we wish to personally assure you that Bluff View Bank is prepared to ensure the safety of all who work and conduct their business with us.

Presently we are following the guidance of both state and federal regulators, we have restricted lobby traffic, and have encouraged employees to work from home if their roles permit. We have also been declared an essential business by Governor Evers which means we are open for you. Our normal business hours remain unchanged offering drive-up service at our three locations and walk up service at our Galesville location.

We have also instituted our pandemic plan which has prepared us more than ever for this crisis and feel we are well prepared to assist you in any way possible.

For you, our customer, please take this opportunity to use our many great electronic channels to conduct your banking business. You can check balances, pay bills, deposit checks, open accounts, apply for loans, etc.-all from your computer, tablet or smartphone.

While it is impossible to forecast the extent of the virus' impact on our communities, one thing is certain; you will never lose access to your money plus your deposits are insured up to $250,000 per depositor by the FDIC. No consumer has lost a single penny in the history of this insurance fund.

Thank you for your ongoing support. We appreciate your confidence in Bluff View Bank and look forward to serving you well into the future.

With any questions or concerns, please contact us at 608-582-2233.
